# DEDICATION

For more than 35 years, Dover High School has stood as a center of learning in our community. Hundreds of students have gone out from this school to take their places in colleges, vocations and jobs. The records of achievement which they have left behind and the measures of success which have come to them indicate the type of students that have passed through the door of Dover High School. It is to these former students that we happily dedicate this 1961 edition of the Tiger.

In remembrance of Guy M. Sheets, member of the Board of Education, who departed this life during our senior year, we, the Senior Class, express our appreciation for his friendship, interest and service to Dover High School.

**ADMINISTRATION & FACULTY**

The demands of the increasingly complex world in which we live are innumerable. To meet these demands adequately education is not a luxury but a necessity. This involves not merely getting a diploma, but so mastering the materials offered that we will grow both in knowledge and in wisdom.
